FREELANCER | FIVERR, FREELANCER, UPWORK

Jan 2022 - Present | Remote

- Designed and implemented custom solutions for complex client problems, breaking down tasks to improve efficiency.
- Collaborated with clients to meet project requirements, delivering over 20 successful projects on time and within budget.

PROJECTS

PROCTORVISION AI | DJANGO, AI, COMPUTER VISION, HTMX

Final Year Project

- A next-generation platform combining advanced AI, computer vision, and behavioral analytics to ensure fairness in online assessments.

AYWOODS | MERN STACK

Elegance Crafted, Delivered Right to You.

- E-commerce platform for designer furniture, featuring fast search and intuitive categorization for a seamless shopping experience.

ATHLETE CONNECT | DJANGO, REST FRAMEWORK

athleteconnect.co.za/

- A Django platform for managing football leagues with match highlights, player performance analysis, and voting-based rankings

INTERACTIVE CALCULATOR | PYTHON, REACT, GEMINI, TAILWIND

Draw, Analyze, Solve - Calculations Redefined Visually!

- An innovative calculator enabling users to draw complex problems directly on a canvas, analyzed by a Python backend for instant solutions, transforming visual problem-solving for Windows and laptops.

VULNERABILITY SCANNER | PYTHON, AJAX, GRAPHJS

Uncover Hidden Threats, Secure Your Site

- Django web app for automated vulnerability analysis, detecting and reporting security flaws on a unified dashboard.

TEXTTWEAK | DJANGO, COMPUTER VISION, MACHINE LEARNING

github.com/AyeshaAshfaq12/Dynamic_Image_Text_Manipulator

- Effortlessly enhance image text clarity and quality with a few clicks. Perfect for professionals, social media users, and anyone aiming to improve their visuals.

PROFILE

Lifetime student passionate about crafting innovative software solutions, I am dedicated to continuous learning and adapting to the latest trends to drive impactful results.

SKILLS

Programming Languages

Python C# C++ Dart

Frontend Development

HTML CSS JavaScript React

Tailwind PYQT5

Backend Development

Django ExpressJS NodeJS

Advanced Technologies

AI Computer Vision Machine Learning

Databases

SQL Sqlite3 MongoDB Postgres

Firebase

Version Control & Build Tools

Git GitHub GitLab

Graphic Design

Figma Canva

Core Competencies

Software Development OOP Database

Management Real-time Apps Agile

Scrum Debugging Collaboration Cloud

CERTIFICATIONS

Nov 2024 AI for Beginners | HP Life

Feb 2023 SQL (Basic) | HackerRank

Mar 2023 SQL (Advanced) | HackerRank

ACTIVITIES

Teaching Assistant at UET Lahore

Web Development Lead at AIC Society

Executive Member at Software Square
