Objective

To become a good researcher in my field. A self-motivated, passionate individual, possessing excellent leadership and challenge me in research activities to become a good researcher.

Education

UNIVERSITY OF ENGINEERING AND TECHNOLOGY, LAHORE

Bachelor of Science, Computer Science, 3.3/4

Lahore, Pakistan

2025

GOVT. BOYS HIGHER SECONDARY SCHOOL, CHACK NO. 139A/TDA LAYYAH

Scored 1085 out of 1100 marks and achieved the first position in the college.

Layyah, Punjab

2021

Experience

Digital D-tec Limited, Lahore

Web Developer, Intern

Lahore, Pakistan

July – August 2023

- Built front-end development designs using HTML, CSS, SCSS, React, and Tailwind
- Worked on back-end development using Node.js, Express, and JWT authentication
- Developed a Text Manipulation Web application exploring Java Script
- Developed shoplock, we-care, hydra-vpn projects
- Created a free learning platform using React
- Integrate web workers for efficient background processing
- Explored AJAX for dynamic content updates
- Developed a high-quality essay writing application for juniors

XAVOR Corporation

Gen Ai Intern

Lahore, Pakistan

June – August 2024

- Trained a MRI Brain Tumor Detector
- Trained a model for chest X-RAY pneumonia detection
- vit fine tuning for the classification of pneumonia and chatbot
- Diabetes-Prediction
- Classified the famous Iris dataset using various machine learning models
- Predicting House Prices with good accuracy score

UCI UET Collaboration

August – September 2024

I have collaborated with the Practicing nurses of University Of California through teams for their projects.

- AI-Assisted Documentation for Home Health and Hospice Nurses

[Demo](#) [GitHub](#)

Internee at Al-Khawarizmi Institute of Computer Science (KICS) as Researcher

August – NOW

I have collaborated with the teachers for the research purpose.

- I am working on the technical report for the NLP and its techniques

Projects and Activities

UET Lahore

Lahore, Pakistan

Student

2021 – 2025

- | | |
|--|--|
| <ul style="list-style-type: none">• Console Based Apps: Made a Console Based Point of Sale and a Space Shooter application in C++ with obstacles, moving maze, and multiple enemies.• GUI Based POS: Made a GUI Based Point of Sale Application in WinForms using object-oriented programming and implemented almost all sorting algorithms.• Project Management System: Made a Project Management System in C# (WinUI3) and used MS SQL. | <p>N/A</p> <p>GitHub</p> <p>GitHub</p> |
|--|--|

● Smart expense-sharing App: Made an expense app using Flutter and SQLite to track record of our finances.	GitHub
● Python: Made a point-of-sale application in python, leveraging Object-Oriented Programing principles.	N/A
● Data Structures & Algorithms: Built a chatting application	GitHub
● Social Media Platforms Scrapping using apis and selenium	GitHub

Research Directions

- Software Engineering
- Systems Software
- Data Structures & Algorithms
- Artificial Intelligence
- Generative Ai
- Database
- Machine Learning
- Computer Networks
- Information Retrieval

Honors & Achievement

- Bachelors from the Computer Science department of the University of Engineering and Technology (UET) in Lahore, Pakistan is ranked 6th in Pakistan. It is also ranked #751-760 in QS World University Rankings 2025
- Awarded with the Punjab Educational Endowment Fund (PEEF) scholarship for the 8th, 10th and 12th.
- Awarded with the Financial Aid and Career Services (FACS) scholarship at the University of Engineering and Technology (UET) in Lahore for the 4 year duration.

Extra-Curricular activities

- Participated in a coding competition organized by the UTS society of UET [Certificate](#)
- Completed AZ-900 Azure Fundamentals Certification Study Group [Certificate](#)
- Collaborated with medical professionals in a comprehensive, full-day CPR training, gaining hands-on experience and certification in life-saving techniques.

Skills & Interests

Technical: Procedural Programming., Object Oriented Programming, Relational DataBase, Python, Windows Forms Development, Data Structures and Algorithms, Structured Query Language (SQL), NoSQL, MongoDB

Soft: Problem Solving, Team Work, Communication Skills, Adaptability, Fast Learner

Language: C++, Python, C#

Tools: VS Code, Visual Studio, Git, Android Studio, SSMS

Certifications: [SQL Basic \(HackerRank\)](#), [Java Basic \(HackerRank\)](#), SQL Intermediate (HackerRank), [Python Basic \(HackerRank\)](#), [AI in Healthcare Bootcamp](#), [Collaboration with Doctorate of Nursing Professionals](#)

Interests: Data Structures & Algorithms, Machine Learning, Artificial Intelligence, Neural Networks, GenAi
